

### Irrigation Being Activated Within Glades Farm Area

"Dry Fall" in Prospect Unless Rainfall Comes Soon

The unreasonable absence of rainfall in the farming area of the Glades makes it necessary that sub-drainage districts get water in instead of out—irrigation, instead of drainage.

Mr. Wm. Jeffries, manager of the South Florida Conservancy District which includes some 32,000 acres of land from Cardwell west to Clewiston is busy getting water in for the boys.

With the Lake at approximately 14.5 and the landside levels at 11.7 to 12, it is possible to siphon water in and this is being done in most places. Efforts are being made to get water released from the Lake into Hillsboro and North New River for siphoning purposes.

Mr. Jeffries is reluctant to reverse the pumps, which is entirely practical because of the time needed to re-install them and the heavy rain, which is to be expected this time of year.

About six hours is necessary when siphoning water being done to return the pumps to normal pumping out, but it takes 12 hours to re-instate them if the pumps are reversed and pumping instead of siphoning is done.

As of Thursday water level on the landside were as follows: Hillsboro pump 12.3, South Bay 12.1, Chovine 12.8, Bare Beach 11.7 and Lake Harbor 11.8.

Slim Corbin states that in his 18 years at the dike the lake is lowest at the present time at this time of year. Steve Roberts says that 1931 is the only year he remembers when the lake was as low as it is now.

Other subdrainage districts throughout the Glades area are practicing the same plan as that which South Florida have put in to effect.

Farmers are hoping that the Powers That Be will drop a gob of rain fall all at one time on the growing crops; but are doing their best to provide for such an occasion. No one knows more than a farmer that "what goes up must come down," and there's been considerable moisture being taken up from open fields and thru plants in the Glades recently.

### "Shootin' Blanks"

By Paulette

Belle Glade flat feet (as policemen are unjustly called) are getting fallen arches, for seven business days picking up the police department is probably the only outfit whose staff doesn't long for an active season.

But the department boys are bolstered by a new water cooler, a boxing bag to keep them in trim and a new force member.

A. R. Johnson joined the department about a week and a half ago and says this is the first job he has held where the customer is always wrong.

A policeman's schedule is often hard and always varied. Last week a lean lanky man with children and grand-children, hailing from the Virginia hills, arrived at the station with their few belongings in an auto sack.

Between whiffs of snuff, deftly taken from the box, she told her story.

"My husband been a beating on me 'bout ten years and would 'd get out my own. Besides he beat built that son on the bare we was living in. I had a job here 'bout twelve years ago and come back to give it. 'Showed my money to the 'bus man and asked how fer it would get me and ended in chiefdom 'war my ma lives. Hitch kicked from there."

When an offer of groceries was made, she became so excited she dropped the snuff and the contents of the sack all over the reception desk.

The story ended. The department provided the travelers with a ticket back to Chiefland.

### RAMIE BILL INTRODUCED IN CONGRESS BY HEHLONG

Proposed action on stock piling ramie by the government has started. Rep. Hehlong introduced the bill on the strategic material recently.

Ramie is used in making textiles, marine and other cordage and is known for its durability and strength.

Hehlong said that he did not expect action on the bill this session but introduced the measure to get it on the record. He plans to submit it again at the opening of the next session.

The bill, if carried through, would authorize a research program in the Glades to ascertain the best available land for ramie production.

The bill says an adequate supply of ramie is "vital to the industrial and military requirements of the United States and for the common defense."

The bill says an adequate supply of ramie is "vital to the industrial and military requirements of the United States and for the common defense."

### Vandegrift, Young And Chamblee Are Elected Executives

Livestock Marketing Group Plans Expansion Of Membership

At the first regular meeting of the general board of directors of the Glades Livestock Marketing Association, held Monday night, Roy Vandegrift was elected President, with George C. Young as Secretary-Treasurer and Manager. H. Chamblee was given the post of Vice President.

The Board of Directors also okayed a list of some thirty-five names of prospective members to be approached on the subject of joining.

The permanent Board as constituted by the first annual meeting some weeks ago are, Vandegrift and Thurmond Knight for three years, Chamblee and Leland Pearce for two years each, Ray Raulerson, John L. Evans and E. M. VanLandingham for one year each.

The Monday sales will begin October 2nd, with no sale being held after that. This change was made after much discussion by both locally and with out city cattlemen and buyers.

One of the immediate aims of the organization is to secure more members as participants in sales and purchases. As this is a community affair and a bring most real benefit to the entire cattle industry of the community than to individuals, it is urged that all cattlemen—sellers as well as buyers—should join in the activities.

The current slump in activity is due to the off season of the Glades cattle when full use is being made of the summer grasses.

The parking lot and road running north and south east of the field will be completed by the first game, between Clewiston and Belle Glade, on October 6, Hobson says.

MILLER, FCD ATTORNEY RESIGNS DISTRICT POST  
Waring T. Miller, West Palm Beach, offered his resignation as counsel for the Central and Southern Florida Flood Control District Monday, according to FCD secretary W. Turner Wallis.

The FCD and Everglades Drainage District decided to consolidate their legal departments into one legal office at the Comerio Building in a Miami letter that he preferred to give up his post, rather than devote full time to the revised adopted legal setup.

BANK FOR CO-OPS OFFICIAL VISITS THE GLADES AREA  
Mr. Leonard P. Toy, of Orlando, Fla., who represents the Bank For Cooperatives of Columbia, S. C., was a visitor in the Glades this week on official business.

According to Mr. Toy there are several co-operatives being discussed in the Glades area and plans are being formed looking to early formation of some of these.

PROCLAMATION  
National Employ The Physically Handicapped Week  
WHEREAS, the Congress and the President of the United States have declared the week of October 7, 1950, as National Employ The Physically Handicapped Week, and

WHEREAS, there are some citizens of Belle Glade who are physically handicapped but who are nevertheless able to creditably perform certain jobs which their handicaps will not interfere, and

WHEREAS, careful and scientific studies of the performance of handicapped workers show that they are able to perform as good or better than non-handicapped workers when properly placed on such jobs, and

WHEREAS, the successful placement of handicapped persons in jobs enables them to become self-supporting and self-respecting, and thus lightens the welfare burden of the State and increases the general prosperity.

THEREFORE, I, William F. Crider, Mayor of Belle Glade, do hereby proclaim the week of October 1 through October 7, 1950, as National Employ The Physically Handicapped Week, and do urge all Belle Glade employers to carefully consider the possibility of utilizing physically handicapped workers when feasible. I also urge all civic, patriotic, well-to-do and governmental organizations to take active part in promoting National Employ The Physically Handicapped Week so that the general public will become conscious of the need for and value of the proper employment of our physically handicapped citizens.

W. F. CRIDER, Mayor

### LOCAL MEN LEAVE FOR MILITARY SERVICE

Elmer Kirchman, of Chosen and Willie Long Warren of South Bay joined Leroy Collier of Pahokee in reporting to the Local Board at West Palm Beach a week ago. Thursday morning for induction in the military service. J. C. Ogburn, negro of Belle Glade, also was among the local contingent.

These are the first group of actual inductees from the Glades area, though many have been sent for preinduction physical examination.

HOUSING PROJECTS HERE TO GET APPROPRIATIONS  
Information has been received that the Public Housing Administration out of the Atlanta office will appropriate in the near future funds for rehabilitation of the Belle Glade Housing Authority.

Estimates on necessary repairs in the two camps here were forwarded some time ago, the director says.

### Dryness Cause Of Fire Peril Here

"Unless it rains here soon, we're apt to have plenty of land fires," says Guy Bender, chief of the Everglades Fire Control District.

Lake Okechobee's level is extremely low for this time of year and the Kissimmee River has a new low, Bender says.

Already the district has been called to fight an average of two fires a week. So far these have been negligible.

Burning of cut trees in the vicinity of Twenty-mile Bend got out of control recently. The worst fire occurred a week ago Thursday night six miles east of the county line on road 27. It was reportedly set by a jeep.

The situation could reach serious proportions if the area does not have rains within the next thirty days, according to Bender.

Most of the fires have resulted from those that set purposely which have gotten out of control. With the area so dry, people are not taking any chances with any fires at all, the chief added.

### Glades Vegetable Acreage Estimated At About 35,000

The harvest moon might be shining down these nights on the Glades, but it doesn't mean a thing.

Even the farmers who plant by the signs of the moon in the globe don't heed his harvest signals.

Planting marks the beginning of the Glades growing season. Authorities estimate that approximately 35,000 acres of vegetables will be going in the muck. If the unusually dry weather continues, this total might be cut by as much as 10 per cent. Planting is progressing at the rate of about 3,000 acres a week.

Approximately 5,000 acres of sweet corn are in with some already being harvested. The usual acreage is being used for growing lettuce, escarole, peppers and truck crops.

Potato bins will not suffer this year. About 1,200 acres of potatoes have been planted with harvest predicted for the middle of December, according to Frank Phelan, regional supervisor of the Florida Vegetable Inspection Service.

### On-Farm Training To Start Here By About October 16

Already 23 Farmers Have Filed Applications Kirchman Says

Organization of an on-the-farm training program, a project figuring in the news recently, is about to become an actuality here, according to Wilbur Kirchman, veteran service officer. Classes should be started by October 16 judging by the present schedule.

The proposed program under the requirements of the G. I. Bill of Rights, at least 18 applicants must be accepted. Approximately 23 have filed for admission in the program and four or five others have voiced their intention to do so, Kirchman says.

The proposed organization will give G. I. farmers who must continue working an opportunity to enjoy educational benefits in the program.

Eligibility requirements state that the registrant must either own or lease lands and must be actively engaged in farming.

In an on-the-farm training meeting in West Palm Beach Monday morning, plans for the program were outlined.

Six hours of classes a week will be conducted in the vocational agricultural rooms in the high school. The Veterans Administration will reimburse the department of education for the use of facilities. A qualified instructor has already filed his application for the position, Kirchman states.

Class room lectures will consist primarily of talks by local agricultural prominent in various phases of the program. The members of the experiment station staff and representatives of seed and fertilizer houses. The instruction will be coupled with individual in the field guidance by the instructor.

Judging by the response, before the year is over there will probably be two programs in the Glades. If more than 30 show an interest, the group will be divided into two parts, Kirchman says.

The bill provides \$75 per month for unmarried trainees, \$105 for those married without children and \$120 for married veterans with children.

### Clinic Previews Football Season

Spirited atmosphere of high school days and football games prevailed at the Lions Club sponsored football clinic at Memorial Field which approximately 400 towns people attended a week ago Thursday.

Previewing the Golden Rams' season, the clinic was complete with the team, pep yell, band and special routines by the majorettes.

Designed to more fully acquaint the public with technicalities and knowledge of the game, the program included demonstration of five yard and 15 yard actions by team players, Guy Leavitt and Alvin Leathers.

In the second half, the Golden Rams divided into two teams illustrating offensive and defensive play used in different formations by conference teams.

### Siamese Visitors Study Cane And Ramie Operations In The Glades

Five orientals, four Siamese or Thailanders, and one Chinese—spent two days in the Glades last week examining the breeding and growing of sugarcane, harvesting and milling of cane sugar in the Glades, with an interested side trip to the royal ramie plant at Canal Point.

Mr. Luon Phongsobon, Director of the Sugar Organization of the Thailand government, was accompanied by Dr. Konrad C. Hau (pronounced Shoo) a Chinese formerly with the U. S. Bureau of Plant Industry, and two other Siamese. They were the first visited followed by Mrs. Thru Mexico and Cuba, with European countries on the way home thru Calcutta, Louisiana and for Oriental goods. Also accompanying the Director was

### FIREMEN HERE HEDD SCHOOL BELLS TOO

Teen agers and college students are not the only ones reading back to school. Belle Glade firemen are in for their share of reading and writing on the subject of fire fighting methods.

Covering all phases of fire control, the sessions recently began for the season under the direction of Bob Bair, assistant chief. The course is scheduled from 9 to 11 every Saturday morning.

### LOCAL LODGE TO KEEP ACTIVE ALL ELKS IN MILITARY SERVICE

At a motion at a recent meeting the Elks lodge unanimously voted to keep active all members who enter the military service.

Elmer Kirchman was the first local member to look for an early induction into active service.

### Deposit Insurance Now \$10,000 Thru Congressional Act

The Everglades Federal Savings and Loan Association of Belle Glade announced that, effective immediately, federal insurance coverage will be provided for deposits up to \$10,000.

The previous maximum coverage was \$5,000.

Hugh J. Bratley, secretary of the Association, said the increased coverage follows the signing into law by President Truman of legislative boosting insurance protection for depositors.

"Our association will bear all the cost of protection for our customers," said Mr. Bratley, and the new law affords us the opportunity to secure further safeguard for the funds of our savers."

He pointed out that the increased insurance coverage applies equally to all accounts held by an individual, two persons with right of survivorship, trusteeships, partnerships and corporations.

Mr. Bratley said that last year his institution paid \$2,460.94 to the insurance corporation for protection of savers. Across the country as a whole, nearly \$11,000,000 was paid by savings associations in premiums to the FSLIC.

As of June 30, 1950, there were insured savings associations all over the country with total savings of the public of \$124,000,000. This amount represents about 80 per cent of all savings held by these institutions, both insured and uninsured.

At present, approximately 93 per cent of all savings held by insured institutions are included in accounts insured and are already covered. With the increased coverage, this total will rise immediately to 98 per cent.

It is expected that the number of persons with savings accounts over \$5,000 will rise steadily as the public becomes more and more familiar with provisions of the new law.

### PTA Executive Board Will Meet Monday

Parent-Teacher Association Executive Board will meet at 8 p. m. Thursday, October 2, at the School Cafeteria.

Members are urged to attend.

### Three Additional Offers Presented To Mortgagees On Country Club Property

Navy Scores One On The Army Here

The Navy has one on the Army as a result of a recent Army Reserve Officers drill here recently.

In the game of friendly rivalry, the navy can point to the army reserve officers viewing navy training films in their instruction program.

### Pfc. Prescott Is Killed In Action

Notice of the first casualty in this area of the Korean crisis was learned Saturday when it was received that Pfc. Sidney T. Prescott, 29, son of Mrs. Annie Prescott, Ocala, Fla., was killed in action probably in the vicinity of Taegu on Sep-

tember 12, according to the telegram.

Due to the serious illness of his mother, the notice was delivered to an uncle, B. T. Webster.

(Continued on Page 4)

### Football Roundup

Last week end the starting gun sounded for volleyball, basketball, football, and the football season.

Although Belle Glade's Golden Rams did not play, team members and scouts were busy scrutinizing the Seacrest-Vero team game since Vero is our first game in the second year under the Pahokee Blue Devils and Clewiston.

Seacrest-Vero Beach  
Ties seemed to be the order of the day. The Seacrest-High-Vero Beach score was 13-13. Vero Beach tallied both its touchdowns in the second quarter. (Continued on Page Four)

### 80 TO BE CALLED FROM PALM BEACH COUNTY FOR OCTOBER PHYSICAL EXAM

Information has been received by the Palm Beach County Draft Board that some 80 old boys will be called up for pre-induction physical examination during the month of October.

Notices to appear have been sent to a few who will be called the first part of the month. The list of the second contingent is being prepared from the 21-year olds and will be mailed out within a few days.

Boys from the Glades will be among the second call for October.

### GIRL SCOUTS HERE NEED MORE LEADERS

Girl Scout executives here express the need for additional troop leaders. Those interested in the work are urged to contact Mrs. E. M. VanLandingham.

Enough girls are eligible to form a scout troop if a leader can be secured, according to Mrs. John Tabit, publicity chairman.

### CANCER CENTER TO BE OPEN HERE THURSDAY

The cancer information center will be open at the city hall from 1 to 3:30 p. m. Thursday. A registered nurse will be in charge to dispense information and literature.

### Two Strictly Investment Deals And One For Community Welfare

Without disclosing the principals, one of the mortgages of the Country Club Property stated Thursday that two local business men had made cash proposals for the property to be used for purposes other than a recreation center, country club or community utility.

Another offer being considered is from a local organization which would operate the facilities for the general use and well-being of the community. These propositions, it is reported have come within the past few days and furnished definite methods and procedure to be considered along with the proposal made to the City.

Asking for some action on the city taking over the Country Club, the City Council and golf course. A. E. Kirchman spoke before the city commission meeting Wednesday night.

## Social Happenings

Mr. Otis Hayes returned home from Mt. Holly, Pennsylvania, where he operated a canning factory during the summer.

Mr. and Mrs. Harold Gilten of St. Cloud were guests last week of Reverend and Mrs. Fred Robbins in Chosen.

Belle Glade's first mayor, Mr. Walter Greer, who has been a patient at Good Samaritan Hospital in West Palm Beach the past ten days, is reported improving.

William Crider, Herman Close, Randolph Dickinson, J. Davidson, C. W. McDonald and R. E. Hotard attended the University of Florida vs. the Citadel game at Gainesville last Saturday night.

Mr. Jack Hollingsworth is a medical patient in the Veterans' Hospital in Coral Gables.

Mr. and Mrs. L. H. Starling of Valdosta, Georgia, who were called to West Palm Beach by the critical illness of Mrs. Starling's father, Mr. Walter Greer, visited at the N. N. Starling home last Sunday.

Mr. and Mrs. I. L. Price have

purchased three H. Babe farm and have moved into the home on Pahokee Road.

Mr. and Mrs. John McKenzie are enjoying a week of fishing in Key West.

Mr. and Mrs. Sidney K. Smith, Jr. moved this week to their new home in Northmoor section.

Mr. and Mrs. William H. Rhodes spent last weekend fishing on the Keys.

Mr. and Mrs. Emmet Roberts attended the dedication of the Lions' new clubhouse in Boca Raton Monday night.

Mr. and Mrs. R. E. Hotard left yesterday on a business trip to Tampa and will attend the game at Vero Beach to night enroute home.

Mrs. Emmett Roberts and daughter Ann will leave Saturday (tomorrow) for a two week visit with her parents in Gainesville.

Johnny Hooker left last week and for Roanoke, Virginia, to get his wife and family, and will return this week to again make their home in Belle Glade.

Mr. and Mrs. W. E. Swain and children of Miami were last week end guests at the home of Mr. and Mrs. Earl Lindrose. Mrs. Swain is a sister of Mr. Lindrose.

**NINA GEDDES IS BRIDE OF BARNES CRECH, JR.**  
The marriage of Miss Nina Jane Geddes, daughter of Mrs. Dudley Geddes of Fort Myers Beach, to Joseph Barnes Crech, son of Mr. and Mrs. R. Y. Crech, Sr., was solemnized September 13, in the Chapel-by-the-Sea, Fort Myers Beach. Palm fronds, white gladioli and mums decorated the church, with tiered candelabra on either side of the altar. The ceremony was performed by Rev. M. C. Cleveland with Reverend James Simpson assisting.

The bride was given in marriage by her grandfather, Dr.

ingham, Mrs. Spencer Whitlock, Mrs. Bob Campton, Mrs. Jack Ballard and the honored guest.

**INFORMAL TEA WILL HONOR WOMAN'S CLUB**  
The Woman's Club will hold their first regular meeting of the year Wednesday, October 4, 3 p. m., at the Community Club House.

This will be an informal tea honoring past presidents. Mrs. J. H. Chambliss is in charge of arrangements. Serving hostesses are Mrs. F. L. Harris, Mrs. R. E. Hotard, Mrs. Frank Kruse, Mrs. J. C. Baldwin, Mrs. William Rhodes.

Mr. and Mrs. Halley Vickery and daughter have moved into the Lloyd Subdivision.

**SEASON MEETINGS BEGIN FOR LEGION AUXILIARY**  
A potluck buffet supper preceded the Monday night meeting of the American Legion Auxiliary at Legion Hall, marking the first regular meeting of the season.

Mrs. Lucy Gregory and Mrs. Jane Rashley were hostesses.

Mrs. Alice Close, program chairman, introduced Mrs. Margene Mathewson, this year's representative to Girl's State sponsored by Belle Glade Auxiliary.

Miss Mathewson related the week's busy schedule of activities engaged in by the girls at the State Capitol last June and expressed her thanks to the group for sending her as a participant in this worthwhile program.

During the brief business session conducted by president Mrs. Edith Kirchman, plans were discussed regarding the Auxiliary's efforts in the Auxiliary Day dedication program of the new Legion-owned building to be occupied by the local post office.

Mrs. Sylvia Jones was elected as Chaplain, replacing Mrs. Evelyn Bair. Mrs. Thelma Norris was asked to serve as Junior Group leader for the coming year.

The program for October meeting, in charge of Mrs. Kathryn Davidson, will present speakers for and against the World Federation Movement, and is open to the public.

Members attending besides those mentioned were: Mrs. Mary Peters, Mrs. Mary McLeod, Mrs. Irene Willis, Mrs. Martha Freeman, Mrs. Ruth Bessie, Mrs. Edith Kirchman, Nonnie Parrish, Mrs. Marving Valdez, Mrs. Nancy Paff, Mrs. Helen Morris. Guests included: Mrs. Joe Aspey, Miss Margene Mathewson, Mrs. Verda Mathewson and Miss Karen Vadaz.

**BIRTH ANNOUNCEMENTS**  
Reverend and Mrs. W. F. Lantz announce the birth of a daughter, Kathryn Elizabeth, September 21, at Belle Glade Memorial Hospital.

Mr. and Mrs. V. Ralph McDonald, announce the birth of a son, Victor R. McDonald, III September 25, at Belle Glade Memorial Hospital. Mrs. McDonald was formerly Dorothy Wright.

Mr. and Mrs. William Johnson announce the birth of a son, September 23, at Belle Glade Memorial Hospital.

Mr. and Mrs. Curtis Golden, Clewiston, announce the birth of a son, William D. Golden, September 24, at Belle Glade Memorial Hospital.

**FIRST BAPTIST SUNDAY SCHOOL PUTS ON NOVEL PROMOTION DAY EVENT**

"The Garden of Love," the theme of the annual Sunday School Promotion Day exercises Sunday morning at the First Baptist Church, was emphasized in both decoration and program. The choir loft was turned into a "Garden of Love" by a white picket fence garlanded with blooming coral vine, with "hollyhocks" of staked hibiscus bearing various colored hibiscus blossoms to make a picturesque backdrop.

Miss Liska Humphries, dressed in long white gown, as the "Spirit of Love," started the program by marching to the garden, dropping pink hibiscus along the aisle. She presided over the entire proceedings from just inside the gate of the "Garden of Love."

Prof. Roy L. Linchfield, Sunday School Superintendent, dressed in long white robe representing the Guardian, announced the program, with the "Sorrow" of the Sunday-School represented first. These included a family dressed for fishing and picnicking being urged to attend. On the mother's reply that the picnic was her future, the boys urged their parents to stay for Sunday School. The next "Sorrow" was a young girl, represented by Alton Faye Herring, who appealed to the Guardian to aid

her in getting her parents to attend Sunday-School.

The joys of the year in Sunday School work were next portrayed as follows: The new crusade to roll members being welcomed into that department by Mrs. Donald Weeks, in front of a decorated blue bassinet in which resposed the new baby. Wednesday, six-weeks old Anita Dunlap, with her small "baby-sitter," and sister, Kandice Joe Dunlap. The new member, whose mother's arm, were presented small corsages by Pastor Griffin.

The next "joy" was the class being promoted from the Cradle Roll into the Beginner's Class. Their arrival caused the audience to gasp in pleased astonishment, as these diminutive graduates were dressed in white caps and gowns, even changing the hang of their cap tassel when presented with their rolled certificates.

Each group promoted, from Cradle Roll through Junior Class, was met at the garden gate by the "Spirit of Love" and taken to the next department.

Members of the Junior Department were presented with a Holy Bible in addition to their certificate.

The closing scene portrayed a key presentation from the Guardian to the new Sunday School superintendent, Mills H. Byrom, with the admonition that the key would unlock nothing but the "hearts" of the people.

The program was presented under the direction of Mrs. Wade H. Griffin, and she was assisted by decorating by W. multiple heard behind the Iron Curtain—the resounding echo will be the assurance that Freedom and what it stands for will never perish.

**Program of Progress**  
Continued By Everglades Presbyterian Church

The Everglades Presbyterian Church, Belle Glade, Fla., continues a program of progress of which this community should be proud. Organized less than three years ago with a group of seven people who met in the City Hall at Belle Glade, this church now has 115 members and last Sunday, September 24, held their annual Rally Day Services when 115 attended Sunday School and approximately 100 attended the Church Worship Service.

The church's worship service was broadcast over Radio Station WSWN for the first time. Permanent broadcasting of the church's services was arranged when 115 attended Sunday School and approximately 100 attended the Church Worship Service.

Crusade's ultimate goal—"That this world, under God, shall have a new birth of Freedom." During School Week, make a special effort to spend your children's interest in the matter of freedom. If your school's PTA has not received a scroll for their members to sign, see the Crusade for Freedom, Inc., notified. The goal during School Week is to enroll every student and teacher in public and private grade schools, high schools and colleges. Appropriately, the theme for that week will be Freedom of Education and Thought. Leaders of national educational organizations and the Parent-Teachers Associations have endorsed National School Week and are co-operating in adding the names of all students to the Freedom Scroll.

The Crusade will end in late October with the dedication of the Freedom Bell in Berlin. The first clasp of the Freedom Bell will be carried by the peoples of the earth by the most extensive network of radio power ever assembled. Simultaneously, bells are to ring all over America; church bells, city hall bells and school bells; throughout Europe, also, bells will be rung and behind the Iron Curtain symbols of the bell will be scrawled on walls. In this dramatic world-wide proclamation, the message of the Freedom Bell will ring out to give new hope and courage to the enslaved peoples of the world.

During School Week be sure that your whole family contributes. Give generously to make your voice one of the multitude heard behind the Iron Curtain—the resounding echo will be the assurance that Freedom and what it stands for will never perish.

### Atlantic Coast Line Offers Improved Service To Glades

The local Atlantic Coast Line has appointed Mr. Gilbert Noland to be in charge of the local office in the Sandhills building, handling diversions and such other services as the public demands.

Mr. Noland will begin his duties here October 2, coming from Jacksonville, where he has been employed in the office of the assistant Freight Traffic Agent.

The Atlantic Coast Line recognized the Lake area last year as one of the most important shipping areas in the United States and opened an office in Belle Glade, feeling this central location would amply service the lake area, especially in view of the improved telephone service.

The A. C. L. R. R. is the only connecting railroad line having full office and service facilities in the Lake Area.

Mr. C. G. Willis in Pahokee will continue making headquarters there, and Mr. R. W. Lanier at Belle Glade, Mr. Noland, in charge of the office will welcome inquiries from the shipping and traveling public.

### Nurses Aides To Receive Caps and Pins October 9

Officials of the Palm Beach County Chapter of the American Red Cross will be in Belle Glade at 2:00 o'clock Monday, October 9, to hold graduation services for the Red Cross Nurses Aides who have finished their basic training at the Belle Glade Memorial Hospital.

The ceremony will be held at the Woman's Club at 2 o'clock, preceding the regular monthly meeting of the Hospital Auxiliary, which will be held at 3:30.

All Auxiliary members and any other women who are interested in joining a new class of aides to be trained soon, are urged to attend.

Receiving their caps and pins at this time are: Mrs. C. E. Maynard, Mrs. E. A. McCabe, Mrs. R. R. Roadman, Mrs. Horne Armstrong, Mrs. T. E. Pennington, Mrs. J. L. Murphy, Mrs. Harrison Raul and Mrs. Nelson Morris.

### LEAVITT DENOUNCES GAME BETTING AT LIONS MEET

Denouncing the practice of local people placing bets on high school football games, and then telling the players to incite them, Coach Doug Leavitt gave a report before the Lions Club meeting Wednesday afternoon.

The players are already tense and have incentive enough to win without additional urging, Leavitt said.

He also attributed the merit of the split T formation to the fact that backs can get to the line of scrimmage faster.

Shirley Draa announced the club will sponsor a football benefit game October 19 between Everglades Vocational High and the Bradenton color-high school.

The health and welfare committee is compiling a list of welfare agencies and their locations for reference purposes, according to a report by Dr. Victor Mulberg.

### PFC. PRESCOTT IS (Continued from Page 1)

The family has lived in Osceola Camp for six years. Pfc. Prescott worked as delivery man for the Western Union here for two years when he quit to join the National Guard. He later transferred from the National guard to the Army and was serving with the First Cavalry 7th Regiment at the time of his death.

"The boy was a good hard worker and often would drop in to see members of the staff," says G. D. Kirkland, manager of the Western Union.

Prescott visited here on a furlow from July 1 to August 1 and had been in Korea about thirty days before his death. His mother received a letter from him about two weeks ago saying he was fighting in the Taegu sector.

Other survivors include: Ray Prescott, Ralph Prescott, and W. O. Prescott, Osceola Camp; an aunt, Mrs. Gene Womack, Belle Glade; and an uncle, H. F. Webster, Falmers, Florida.

### Presbytery Executive Board Holds Meeting

The women of the Presbyterian Church executive board their monthly business meeting Tuesday evening at the home of Mrs. Harry Smith. Mrs. W. L. Crider gave devotionals, using as her theme, "Love One Another."

A study on Parliamentary procedure was begun under the leadership of Mrs. Ralph Pines. It was announced that meetings would be held at the regular time October 3 Circle one will meet at the home of

Mrs. J. L. Gay and Circle two at the home of Mrs. Marvin McGriff in Pahokee.

Those present were: Mrs. Tom Watson, Jr., Mrs. W. C. Whitlock, Mrs. J. E. Thompson, Mrs. C. E. Critchfield, Mrs. J. L. Prioleau, Mrs. Robert Lantieri, Mrs. Tommy Parker, Mrs. R. R. Roadman and Mrs. K. C. Campbell.

### Chosen Baptists Have All-Day Meeting Sun

The baptism of the recently dedicated First Baptist Church of Chosen was used for the first time Sunday afternoon in consecration rites of the five converts of the revival services held in August by Reverend Bridges. The pastor, Reverend Fred Robbins, officiated.

After the regular morning services, noon-day dinner was served on equipment to members and visitors, some from Moore Haven and Clewiston, as well as local surrounding towns.

After the ceremonies in the afternoon, a session of singing led by O. C. Uptegrove, radio artist, assisted at the piano by M. Martin Jr., both of Okeechobee, was enjoyed by all.

### LOCAL NEGRO HAS BAD LUCK THEFT

Last Friday wasn't the 13th, but it might as well have been for Robert Royals, 25, local Negro.

He confessed to Deputy Sheriff C. B. Bowen that he stole a 1946 four door sedan Friday afternoon here.

Arrested driving the car in Bunell Saturday morning, he also confessed he had stolen \$15 worth of groceries and a spare tire.

Royals attributed the theft to his poor judgment. The car belonged to James B. Godwin, assistant superintendent of Railroad Station Prison.

"Oh, gosh, I'd known that, I wouldn't have done that," Bowen quoted Royals as saying.

He was returned by Deputy Sheriff Sheriff Groves Monday and tried in Criminal court Tuesday.

### CLINIC PRELIMINARIES (Continued from Page 1)

Coach Doug Leavitt introduced the 29 Golden Ram players and Horace Unwin, Dorsey Hugh and Rupert McKee, members of the Palm Beach County Officials Association.

Donned in new uniforms the band headed by the majorettes displayed formations and marches which they will use at the Belle Glade-Vero Beach game tonight in Vero. The majorettes performed an Indian dance forming a circle with lighted flares, and band members formed a semi-circle around the drummers.

Cheer leaders led the band section in traditional school yells.

A Dutch auction of four cakes directed by E. A. McCabe netted \$151.75 to be used for band expenses.

### FOOTBALL ROUNDUP (Continued from Page 1)

Blocked punts set up both Indian TDs. Ed Elliot picked up the ball and went 20 yards for the first six-pointer. Lawton Henderson scooped it up for another later in the quarter.

**Pahokee-Clewiston** Pahokee, which won only one game in 1949, opened its season Friday night by battling a heavier Clewiston High team to a 0-0 tie.

An offside penalty cost the Blue Devils the touchdown which would have meant the game in the second period. Pahokee "balled" in that quarter on a 40-yard pass from Full-back Jack Thomas to End Bob Peacock, only to have the TD nullified by the penalty.

**Pt. Pierce-Stuart** Pt. Pierce's Eagles were the only Suncoast Conference griders to win a game in the first week of the new season. They wallopped Stuart 32 to 0 in a Friday night game.

Quarter back Bobby Deitz and Halfback Charles King sparked the win over a green and outweighed Stuart eleven. King passed to Bill Burney for five yards and the first touchdown in the second period, and moments later intercepted a Stuart pass and ran 40 yards for a half-time lead of 12-0.

**Lake Worth - St. Petersburg** The Lake Worth Trojans tasted defeat at the hands of St. Petersburg's Green Devils with the score 6-0.

The teams battled to a deadlock until the middle of the third period when Quarterback Fred Robinson and End Dick Padon came to give the Green Devils their lone touchdown and the victory.

**West Palm Beach-Land** Outside the Suncoast League, Landon High team defeated the West Palm Beach Wildcats with a 34 to 0 score.

### Rotarians Visit Naval Radionet Training Station

C. S. Bigbee, program chairman for the day, was host to the entire-Rotary Club last Friday along with the local Naval Radionet Unit which is under Command of Lieu. Commander W. H. Thames and located at the Okeechobee Migratory Lagoon Camp.

Joe Henderson, Aviation Radioman explained to the more than 45 visitors the equipment and the training program being carried on with this Naval Reserve Unit.

In addition to a 25 watt transmitter and receiver for short wave communication located there are two 100 watt outfits for intermediate distances with one of them being a portable machine and equipped for both standard broadcast bands and short wave. There are also five all-wave receivers and test equipment for maintenance and repair.

There are two officers in addition to the Commanding officer, Lieu. Bill Rhodes as executive officer and Ensign Ed Rice, training officer. Tom Lloyd is radio supervisor.

The complement has vacancies for enlisted personnel for anyone desiring training in radio work. The Coast Guard and Navy are reluctant to take enlistments now, as their quotas won't allow it in this territory.

However, men who enlist in an active reserve unit such as this are relieved from Draft Board liability.

It might pay the 21-year olds to investigate this reserve unit if they aren't ready to go now. Or the National Guard will also consider men in enlisted grades.

### THREE ADDITIONAL (Continued from Page 1)

The proposed budget includes: finishing Ave. B from Main to 4th, \$5,000; surface W. Ave. B. Place from 4th to 8th, \$2,800; rebuilding S. W. 6th \$3,500; rebuilding N. W. Ave. H. \$3,800; S. W. 9th from Canal Road to the colored school \$2,250; surface S. W. Ave. A from 8th to 12th \$2,100; resurfacing Development Board S. \$3,500; rebuild S. W. 5th from A to E \$4,000; reerock S. W. 8th \$600; surface N. E. 1st \$1,500.

erock roads in Northmoor Gardens \$2,500; rock roads on S. W. Ave. F from 4th to 8th \$2,000; rock S. E. 2nd between C and D \$800; rebuild S. E. 2nd from E to G \$1,500 and reerock S. W. 3rd from B to E \$600.

The \$6,110 budget provides \$2,000 for painting and maintenance; \$2,000 for drainage ditch cleaning and maintenance; \$2,860 for gutter and curb installation on the post office corner and S. Main and \$3,000 for curb and gutter installation near the school providing the state cooperates.

W. C. Young, representing the South Shore Athletic Council, asked assistance from the city in filling and rocking the parking lot adjacent to the school athletic field.

Commissioners agreed to donate use of dump trucks, bulldozers and grader and to pay half the cost of the rock not to exceed \$250.

Guy D. Bender, Jr., tendered a letter of resignation as tax collector and tax assessor which was accepted. City clerk Anderson was appointed to act in the position. The commission moved that a man to serve as assistant city clerk and assistant city inspector be appointed.

Commissioner Harris was authorized to ask the Florida Power and Light Company for a contract on installing 25 to 35 street lights.

Bid on a pickup truck for the sanitary department submitted by the Glades Chevrolet Co. was accepted. The commission decided to reject all bids on rock and fill and readvertise.

The City rejected a contract with the Fog-Away Insect Control Company for dusting the city until further examination of the system.

Guy D. Bender, head of the Everglades Fire Control District, received permission to erect an antennae on the water tower temporarily.

Commissioners instructed City Clerk Anderson to invite County Commissioner Paul Hardin to meet with the council at some future date.

Emmett Roberts was appointed Belle Glade director to the Resources Development Board replacing Kenneth Lutz, who says he is unable to attend the West Palm Beach meetings.

# Tire Rubber Economy

## Never Possible Before

Into the national achievement record has gone this phenomenal tire rubber economy—never known or possible before!

Not an ounce of wasted rubber yet each tire can give every owner years, instead of miles, of safety and service—his one tire investment for years to come.

With local communities solidly backed by extensive dealer investments in service and maintenance equipment, all at the original safety mileage of these unique tires is continuously renewed and renewable—when other tires are giving up their lives.

They are tires that work and serve at the very heart and core of the national economy in normal times, and in every possible rubber emergency.

They have set up entirely new standards of safety and mileage by which other tires are now being judged and measured, everywhere in the United States.

Whether with black, or with whitewalls, they provide their exclusive *Protecting Curbside*, their new *Royales Tread and Traction*, and they deliver up to 60% more safe mileage.

They have resulted from many years of continuous research, experience and U. S. Rubber investment. They are the only such tires in the world, priced as low as life and safety permit.

They are the tires that now roll and serve with the nation, while the rubber economy never known before, remains fresh and new in safety when other tires are giving up their lives.

## Bean City News

Mattie Jean Youngblood, Reporter

The community welcomes the return of Mrs. Ora D. Lee, principal of Bean City Elementary School. Mrs. Lee studied this summer at Miami University, Oxford, Ohio. She reports a progressive summer and hopes to return next year.

The school enrollment is climbing each week. By November the majority of students will have returned from up states. Many patrons remained this summer and found living easier than they expected.

This year our Community Club work will include improvement of housing, streets and utilization of the soil and associated resources. Our back yards will yield a good living if we are thrifty and resourceful. Let us try this year to raise a garden, some chickens, ducks, pigs or what have you in mind? One of our patrons, Mr. Man Green raised a fine hog last year. It was cured and enough meat and lard to last the family a season. What he did others can do also.

Reverend T. K. Kenney and wife are vacationing in Georgia. His members and friends gave him a fine send off for a much needed vacation.

The fifth and sixth grade classes organized last week. They plan to work together to make this a best term for Bean City School. They formed a junior J. T. A. group to help beautify school and grounds. Janie Lee Jackson is the president and George Pindas is secretary. Dorothy McVair is treasurer. Their first project is to place seats on the grounds. The senior P. T. A. will meet the second and fourth Sunday after church service. Monday nights will be used for movie nights. You are invited to the second movie on Saturday night. This is community recreation night. All invited to come enjoy a good clean movie.

Read the Belle Glade Herald weekly.

## New Bethel Baptist Church

Mrs. G. M. Douglas, Reporter  
Mrs. Annie Mae Everett

Sunday School was opened at the usual hour by the Super Dea. S. Kendall. The teachers were at their posts. The lesson was taught fifteen minutes. The lesson was carefully reviewed by the pastor. The offering was \$5.16. Class No. 1 still holds the banner. We were grateful to have a host of the old members back in the fold again. Many of our members are returning from the northern states.

11:00 o'clock devotion led by Dea. Bobbie Lee Tucker. Inspirational service by the Jr. Choir. Our pastor read for the morning scriptures 1 Cor. 13th Chapter. The text was the 24th verse of the same chapter. Sub. Running to Obtain Eternal Life. He preached a helpful sermon. Two were added to the church. We enjoyed having Mrs. Willie Mae Jones, a member of First Baptist Church to worship with us. Visitation was always welcome at 6:00 o'clock the B. Y. P. U. was carried out by the acting president and the group chaplains.

7:30 devotion conducted by Mrs. Julia Holland and Mrs. Daisy Hart. The Jr. Choir rendered song service. Our pastor came forth and read for the evening scripture lesson Joshua 7:8-15. Sub. Take the Curse Thine From Among Us. He delivered a soul stirring message after the general service. An after program was rendered by the Early Dawn Quartette of West Palm Beach. Every one enjoyed the singing program very much. Offering for the day was good. All readers are welcome to attend our services.

## First Baptist Church

Miss Lucille Jones, Reporter  
Rev. J. B. Adams, Pastor

The pastor preached two sermon-turning Sunday. His text was Rev. 3:17 and sub. "The Salted Church." Sunday evening he spoke on the subject "Where Are The Nine?" The Deacons are asked to meet at the church Thursday night at 7:30 p. m. All members are urged to

Bean City Elem. school.

Visitors were Miss Robinson of Belle Glade and a teacher of Pahokee Elem. school. And Miss Miller of New York City who is visiting her sister Mrs. Novelle.

Last year, the Junior Red Cross of our school did tremendous work in carrying out the ideals of its organization, and it is anticipating doing a better job this year.

Some of you are puzzled as to what the Junior Red Cross is and its purposes. Well, the Junior membership is a division of membership of the American Red Cross and is the American Red Cross in the schools.

The Junior membership functions in partnership with the chapter and actively participates in programs which are appropriate for our school. Too, the Junior branch offers supplementary welfare services.

Our council called its first meeting September 14 for organization. Miss Sarah E. Jones, sponsor, served as chairman.

Representatives from all grades, the following officers were elected: president, Alphonso Powell; vice president, Clarence Jasper; secretary, Cora Lee Kelly; reporter, Wanda Whitehead. In the organization, the sponsor, Miss Sarah E. Jones, will try to foster in the members the altruistic attitude and the spirit of helpfulness toward the unfortunate or handicapped, to promote unity of action in projects requiring unity, to discover needs for, and service to, our community and the nation, and to develop better human relations by worldwide service. Yes, our Junior branch is endeavoring the needs of the school and serve as a contributing factor to regular learning situations.

## "Orchids and Onions"

1. Orchids to those who are tolerant of others.

2. Onions to those who are narrow-minded.

3. Orchids to those who are cooperative in organized work.

4. Onions to those who are not co-operative.

5. Orchids to those who are plain and straightforward in their thinking, talking, planning and doing.

6. Onions to those who like to promote idle gossip.

7. Orchids to those who are plain and straightforward in their thinking, talking, planning and doing.

8. Onions to those who like to promote idle gossip.

9. Orchids to those who are plain and straightforward in their thinking, talking, planning and doing.

10. Onions to those who like to promote idle gossip.

11. Orchids to those who are plain and straightforward in their thinking, talking, planning and doing.

April 19, 1941 at Fort Lauderdale, Florida.

My mother and step-father are Mr. and Mrs. Leroy Turner. I have one brother. His name is James Small. I have everyone calls him "Tony." We live at 616 Avenue B, Belle Glade, Florida. Scarfin is my cat. He is black as night with a snow white stomach, and four white paws. My dog is that sound as if he is a pretty cat? Well you can just bet that he is, and what's more, he is as smart as a whistle. He likes to catch rats. After he plays with them for awhile, he eats them.

My favorite activity is playing ball. Pee Wee Reese, the short stopper, is my favorite player.

My lucky stone is the diamond. My! I wonder if I will ever own one. My flower is the daisy. My favorite color is white.

## "The Athletic Club"

The Athletic Club has been reorganized under the direction of Mr. E. H. Fitzgerald for the school term 1950-51.

The main purposes of the club are to provide recreational activities for all members of the intermediate grades (4-8), to aid in developing the principles of good sportsmanship and to learn new games.

We expect to accomplish some of our aims by finding out the various types of games the members are interested in and providing them with them.

The following persons were elected as officers: president, Cleo Hughley; vice president, Henry Allen; secretary, Sylvia Smith; business manager, James Turner; reporter, Gloria Carrinan. There are at present thirty seven members.

We have great things to accomplish this year.

## Pahokee Elementary School

By Stanleigh Merrill

Greetings! from Pahokee Elementary School to our "Glades" neighbors. Although school has been in session for a few weeks now, we are just now getting around to saying "hello." But you'd certainly forgive us for being a bit tardy if you could see the new "face lifting" our school plant has been getting and meet our new teachers and pupils. It's all been quite exciting and time-consuming for us.

Our old elementary school building has been placed on more sturdy "legs," received a new coat of paint, and a classroom has been added. The intermediate building is bright and resplendent with newly painted classrooms.

What's new with our teaching staff? Well, we have two new teachers, both of whom teach in the primary department. Miss Carrie Clark, second grade, will do our special music and choral singing work. We have been desirous of obtaining a teacher specially trained in this area, and feel quite fortunate in having Miss Clark. She is a native of the Keystone State, Pennsylvania.

The so-called friends are those who will laugh and talk in your face and behind your back, they are cutting your throat with idle gossip like a two edged sword. They are not willing to aid you when you are in trouble. If you are about to attain success in a task that is very outstanding, and which would probably bring you fame, they are ready to discourage you by presenting, "If I were you, I won't" so that you may not advance but be defeated in your effort to attain achievement.

You must choose your friends wisely because all who say, "I am your friend" may not be one. Pick your friends like the house wife picks the best of food to cook the choicest or picks leather for his shoes. And remember—lest you forget: "That a friend in need is a friend indeed."

## Fourth Grade A News

We would like for you to meet us and know us. Won't you visit us sometime when you are not busy at home or at work? We would like to know all of our classmates, parents and friends. Please come to visit us and we will show you how we are getting along at our school.

One of us is being introduced to you this week. We wrote "My Story Book" last school term in the third grade in which we wrote the history of our lives. Our teacher was Mrs. M. J. Evans. We got so much fun out of it because we were able to learn our real selves.

Here we are—one of us: "Whom do you think I am?"

Would you like to know my name? You will not have to guess because I will tell you, then.

My name is Eva Mae Small. My family calls me "Mama." I am nine years old. I was born

Her B. S. degree in music was awarded at Westchester State Teachers College, Pa. and she has pursued graduate study in Education at Fisk University. Miss Clark's experience includes work as music and English instructor in schools of Arkansas, South Carolina, and Florida. Her last position was in Hollandale, Florida. In addition to her music ability, Miss Clark has a special interest in Religious education and dramatics.

Our new first grade teacher is Mrs. Claudine Penson who comes to us with ten years

teaching experience in the elementary schools of Washington, D. C. Mrs. Penson received her B. S. degree from Miner Teachers College in Washington, and holds a certificate in library science from Virginia State College. In addition to her special training and ability in handicrafts, Mrs. Penson has had five years piano training at Howard University's Special School. No doubt many of you have become acquainted with Mrs. Penson through her husband, Rev. G. Penson, and his work with migrants which is sponsored by the Home Mis-

sions Council of North America.

During the summer months, our principal, Mr. Stanleigh Merrill, attended a summer college at Florida A. & M. college. He has returned to us with many new ideas and plans for reorganizing and revitalizing the school's program. According to Mr. Merrill registration figures indicate a 24% increase in enrollment over last year. Our primary objectives, as outlined by our principal are as follows: (1) Closer coordination and correlation of curriculum at all grade levels, (2) Initiation

of an audio-visual program in classroom technique, (3) Purchase of new instructional aids and playground equipment, (4) Revitalization of school-community relationships. Continued on Page 7.

# FIRST IN FLORIDA ... FIRST IN THE SOUTH!

**STRONGEST** proof of the quality and all-round economy of Crown and Crown Extra Gasolines is the fact that these two motor-fuels have always led in popularity... not only in Florida, but in all the southern states in which they are sold!

Crown and Crown Extra are the *first choice* in their respective fields, among hundreds of thousands of motorists for outstanding, all-round performance... in every kind of weather, on every kind of road. Good results, on the road, where it counts, is the answer to such an overwhelming public preference!

Another reason for the preference for Standard Oil products is the extra service motorists have come to

expect at the Standard Oil sign. Standard Oil dealers endeavor to match the extra quality of the products they offer with the extra car services and on-the-road conveniences you want.

For carefree motoring... and low-cost transportation... see your neighborhood Standard Oil dealer.

STANDARD OIL'S FLORIDA salaries and commissions... additions to and maintenance of Florida plants and equipment... licenses and taxes, including product taxes which we collected and paid to State of Florida authorities, amounted to over \$17,000,000.00 in 1949.

By Russell Kay  
"Nobody really likes a 'sour-puss'—even a highly skilled and efficient one. One the other hand, everyone responds to a smile and a friendly word."

"Winning friends is important in any business—but it is especially important to us in Florida, because so much of our income depends on visitors who must come a long way to buy what we have to offer."

"Fair treatment and expert service, given with a cheerful smile, will bring these visitors back for profitable repeat visits—and bring their friends, too."

"So Courtesy pays dividends to everybody. As Florida grows and prospers, its businesses grow and prosper. More and better jobs open up. And the folks who are 'on the ball'—who are efficient, friendly, courteous—move ahead."

"And what does it cost? Not one Cent! In fact the professors say it takes far more muscular energy to frown than it does to smile."

"So since it is good business in Florida, for our Company, and for us as individuals—since it makes pleasant, happier living—and since its easier anyway—LET'S PUT A PERMANENT SMILE ON FLORIDA'S MAP."

The above, practical and worthwhile suggestion came to me recently in the form of a circular issued by the Florida Power and Light Company. It was prepared for company employees, but it is so true and so important to successful happy living, that I felt it worthy of passing on to you.

With it came an attractive sticker for my telephone and another for my telephone that read, "Courtesy Wins Friends For Florida and You."

As we approach another busy winter season in Florida it is well to be reminded that Courtesy is an asset of inestimable value. Its dividend rate is enormous—the more you use it the more it pays off.

Instinctively you LIKE the person who takes a second to say "beg pardon" or "I'm sorry," as they step over you to reach a theatre seat or force their way through a crowded bus to reach an exit. They don't like to disturb you any more than you like to be disturbed. They are doing nothing different than you yourself do on countless occasions. If their courteous remark is accompanied with a smile, it is doubly effective.

Little words like "please" and "thank you" work miracles when used in a pleasant tone. They should be made a habit. Too many folks, selfishly concerned with their own problems, are inclined to lose sight of the fact that they are dealing with human beings when they address a clerk in a store in a telephone operator. On the other hand, some employees make their work more difficult with sullenness and inattention.

We form lasting impressions of people and places on the basis of little things. That is why Courtesy plays such an important part in life. A moment's thoughtfulness, a pleasant smile, a friendly word can endear a person or a place to a total stranger.

Maybe the food isn't all that it should be, but you still like the cafe where the waitress greets you with a smile, is attentive and alert. You remember pleasantly the bus driver who helps you pick up your packages when some thoughtless person jostles them from under your arm. You like the town where folks give you affection with a smile and you encounter a friendly, cheerful atmosphere.

One surly cop can give a community a black eye that will cost many dollars worth of business. Maybe a confused tourist makes a turn where he shouldn't or a lady has trouble with her starter on a busy thoroughfare. If the officer yells "Hey, you, what you think you're doin'," the offender is hurt and will dislike that town for life. A courteous approach always gets quicker, better results. The officer could just as easily say, "I'm sorry friend, but you can't turn left at this corner," or, "Having trouble lady? maybe I can help you." He will then make warm and lasting friends for the town.

Let's be more courteous, be good for the mind, good for the morale, good for business and good for Florida and YOU.

**NEGRO NEWS**

Continued From Page 6

Miss Bessie Collier and Mrs. Mercedes Robinson also attended summer sessions: F. A. and M. C. and Bethune Cookman respectively.

however, we were quite encouraged by the enthusiasm evinced by the parents who did attend. It is the hope of parents and teachers that we will be able to organize a strong P. T. A. in Pahokee this year, for it is through this organization that the school itself will become strong.

**Consumers' Problems**

By Mrs. Ora D. Lee  
Mrs. Lee has done special research on this problem at Tuskegee Institute, Alabama, Hampton Institute, Virginia, and Miami University, Oxford, Ohio.

**Social Aspects of Housing**

This course of Home Planning, compiled by Ora D. Lee under the instruction of Dr. Florence Wagner, will deal with (1) "What is Good Housing?" (2) Standards for Good Housing?" (3) Housing Conditions and their effect upon the Family?" (4) Relation of Housing Conditions upon Health of the Family and (5) Conclusions—Generalizations and will be continued each week in the HERALD.

**What Is Good Housing?**  
1. Many and varied could be the answers to that question. However, I choose the following since it embraces the features most important in living today and tomorrow. Good housing is: shelter, equipment, furnishings, personality, character, arranged for the expression of activities of the occupants, so located that it produces the most convenient transit thus contributing to the promotion of life values as stability and progress of that society to which the family is a part.

I choose this definition also because it seems to be valid for any time or place. Many of the specific conditions vary from time to time and from place to place; even from family to family. In spite of this

variation, there are certain minimum conditions which are believed to be essential to any home or community if the inhabitants are to be happy.

2. A good neighborhood, and a satisfactory site, possessing the qualities of growth and future development are as important to good housing as the home life can not be related apart from characteristics of the neighborhood or community.

3. The standards for good housing, which will be discussed next, must include standards for the community as well as the house.

**Standards for Good Housing**  
1. B. R. Andrus describes levels of standards, including the minimum standard, the moderate standard, and the liberal or well-to-do standard.

2. The average size family consists of three or four members, who as a group engage in activities of various kinds, part of them inside the home. Each individual has various interests and activities of various kinds; due to age, sex, personality, preparation, occupation and station in life. In spite of housing good or bad, the family group is still the unit on which our society is built. Adequate and beautiful provision in the home for family interests and activities strengthens family ties by increasing the number of activities taking place within rather than outside the home.

3. We will here discuss minimum standards that there will not be any falling below these minimum requirements for family living in any area of the United States.

The minimum standard, which would apply to any type of house usually occupied by a laborer's family with an income of \$1200 to \$1500 per year, would require five rooms, including three bedrooms if both boys and girls were members of the family; a bathroom and toilet; kitchen equipped with stove, table, water heater, sink, laundry tubs, and a large bedroom at least 10'x12' and small bed room at least 9'x10'; adequate stoves or ranges to heat the entire

house, and at least as many rooms as persons in the family. The rent if not owning property should not exceed one-sixth of the family income, or value of house not to exceed 2½ times the family income. The structure and equipment not to succeed in creating safety hazards. Adequate sunlight and ventilation, a wholesome environment physically and socially; adequate space and facilities for recreation for children and adults. Anything minus these minimum standards is classified below standard or may be rated according to neighborhood layout as slums.

4. The plan and arrangement should be based upon the fundamental biological and social needs represented by the list of family needs and activities. The chief consideration should be physical and mental health of the family. The plan including the site should encourage the four objectives immediately by sponsoring a week ago a Parent-Teacher social. Due to inclement weather our attendance was not as good as expected, simplicity, honesty, fitness, harmony, restfulness, character, personality and should harmonize with the advances in art and sciences which make for enrichment of life and for efficiency and economy in construction. The plan should allow flexibility in use when alteration or extension is necessary to meet changes in family needs, particularly in small one family houses and should harmonize with the neighborhood plan of development. The house should provide privacy for the family group and for individual members of the family. This requires: isolation from other dwelling units. With no windows facing directly into other dwellings, which so often is the case in overcrowded areas. Privacy from the standpoint of quietness as well as space; separate places for the children to play, study and rest. Pleasant quarters for family; sleeping quarters or rest rooms grouped for convenience so that any bedrooms can be reached without passing through another bedroom. (Continued Next Week)

The area of Continental United States in square miles is 3,738,393.
